

Hawa Clipo Guide Rail – 7mm Groove – Plastic – 2500 mm

Variant code: 053.3012.250

Ensure Smooth and Silent Sliding with the Hawa Clipo 7mm Groove Plastic Guide Rail (2500mm)

Upgrade your sliding door or furniture systems with the high-quality **Hawa Clipo Guide Rail**. Specifically designed for a **7mm groove**, this **plastic guide rail** provides reliable and **smooth sliding action** for a variety of applications. Measuring **2500mm** in length, it offers ample material for your project needs.

Crafted from durable and **high-quality plastic**, this guide rail ensures **long-lasting performance** and **resistance to wear and tear**. Its precise 7mm groove is engineered for optimal compatibility with Hawa Clipo sliding door fittings and similar systems, guaranteeing a secure and **frictionless glide**.

The **plastic construction** offers several advantages, including **quiet operation**, preventing unwanted noise during the opening and closing of doors or drawers. It's also **lightweight** and **easy to handle and install**, making your project more efficient. The **smooth surface** of the rail further contributes to the effortless movement and prevents sticking.

This **versatile guide rail** is ideal for a wide range of applications, including:

- **Sliding wardrobe doors:** Achieve a seamless and quiet opening and closing experience.
- **Interior sliding doors:** Divide spaces elegantly and efficiently.
- **Furniture doors and drawers:** Enhance functionality with smooth-gliding components.
- **Cabinet doors:** Provide easy access with a reliable guiding system.
