# Hawa Folding Concepta III V2 20 Pull Set - Right Hand

**Variant code: 53443**

The **Hawa Folding Concepta III V2 20 Pull** is a furniture hardware system designed for **pivoting, folding and laterally sliding wooden doors**. This version is configured for a **right-hand installation** and is suitable for individual door weights from **6-20kg**.

The **Pull version** is designed for **cabinet constructions fitted with a handle**, providing straightforward manual operation. The pocket system enables compatible wooden doors to **pivot, fold and slide laterally**, helping provide comfortable and unobstructed access to the cabinet interior.

The **V2 20 Pull** version accommodates wooden doors measuring **350-750mm wide**, **1200-2200mm high** and **18-26mm thick**. The system is designed around a **flush-front configuration with a uniform joint pattern**, with the operating technology integrated discreetly into the furniture construction.

## Product Features

- **Pivoting, folding and lateral slide-in furniture door system**
- Designed for **wooden doors**
- **Right-hand configuration**
- **Pull operation** for cabinet constructions fitted with a handle
- Suitable for door weights of **6-20kg**
- Suitable for door widths of **350-750mm**
- Suitable for door heights of **1200-2200mm**
- Suitable for door thicknesses of **18-26mm**
- Supports a **flush-front furniture design**
- Designed to provide a **uniform joint pattern**
- Operating technology is **integrated discreetly within the furniture construction**

## Product Benefits

- **Pull operation is purpose-designed for**
