Hawa Folding Concepta III V2 20 Push Set - Right Hand

Variant code: 53439

The **Hawa Folding Concepta III V2 20 Push** is a furniture hardware system designed for **pivot-folding and laterally sliding wooden doors**. This **right-hand configuration** allows the doors to pivot, fold together and move to the side, providing convenient access to the contents of the cabinet while keeping the opened doors out of the main usable area.

Featuring an integrated **Push-to-Open function**, the system is particularly suitable for contemporary **handle-free furniture designs**. The flush-front concept with a regular joint pattern supports a clean and modern appearance when the doors are closed, while the folding and sliding movement provides convenient access when opened.

This **V2 20 Push** version is designed for wooden doors weighing **6-20kg**. It accommodates door widths from **350-750mm**, heights from **1200-2200mm** and thicknesses from **18-26mm**, providing flexibility across a range of furniture and cabinetry applications.

Product Features

- **Pivot-folding and laterally sliding furniture door system**
- Designed for **wooden doors**
- **Right-hand configuration**
- Integrated **Push-to-Open function**
- Suitable for contemporary **handle-free furniture designs**
- Allows doors to **pivot, fold and slide laterally**
- Suitable for individual door weights of **6-20kg**
- Suitable for door widths of **350-750mm**
- Suitable for door heights of **1200-2200mm**
- Suitable for door thicknesses of **18-26mm**
- Supports a **flush-front design**
- Designed to provide a **regular joint pattern** across the furniture front

Product Benefits

- **Push-to-Open operation supports clean, handle-free furniture and cabinetry designs**
- **Pivot-folding and lateral sliding movement moves the open doors away from the front of the cabinet for convenient access**
- **Accommodates wooden doors from 6-20kg across a broad range of furniture dimensions**
- Flush-front configuration helps create a **clean and contemporary furniture appearance**
- Allows convenient and comprehensive **access to cabinet contents** when the doors are opened
- Wide dimensional range provides flexibility for **different cabinet and furniture configurations**
- Right-hand configuration allows the system to be specified according to the **required opening arrangement**

Technical Characteristics

- **Product Type:** Pivot-Folding / Lateral Sliding Door System Set
- **System:** Folding Concepta III V2 20 Push
- **Operation:** Push-to-Open
- **Configuration:** Right Hand
- **Door Material:** Wood
- **Door Weight:** 6-20kg
- **Door Width:** 350-750mm
- **Door Height:** 1200-2200mm
- **Door Thickness:** 18-26mm
- **Door Movement:** Pivot, Fold & Slide Laterally
- **Front Design:** Flush Front with Regular Joint Pattern
- **Application:** Furniture & Cabinet Doors

Applications

The **Hawa Folding Concepta III V2 20 Push - Right Hand** is designed for furniture and cabinetry where wooden doors need to **pivot, fold and slide conveniently to the side**. Its integrated **Push-to-Open functionality** makes it particularly suitable for contemporary handle-free installations, while the system accommodates wooden doors weighing **6-20kg**, measuring **350-750mm wide, 1200-2200mm high and 18-26mm thick**. It is suitable for space-efficient furniture concepts where unobstructed access to cabinet contents
