Hawa Folding Concepta III V2 20 Push Set - Left Hand

Variant code: 53438

The **Hawa Folding Concepta III V2 20 Push** is a furniture hardware system for **pivot-folding wooden doors**, designed to allow the doors to pivot, fold together and slide neatly alongside the cabinet or into a pocket. This **left-hand version** is designed for applications using two wooden door panels and supports individual door weights from **6-20kg**.

Designed for **handle-free furniture applications**, the integrated **Push-to-Open function** allows the doors to be operated with a push. Once opened, the folding doors can be moved out of the way, providing convenient and unobstructed access to the cabinet contents while helping make effective use of the available room space.

The system is suitable for wooden doors measuring **1200-2200mm high**, **350-750mm wide** and **18-26mm thick**. A flush-front design with a uniform joint pattern supports clean contemporary furniture designs, while adjustments can be carried out from the front for convenient installation and setup.

Product Features

- **Pivot-folding and slide-in furniture door system**
- Designed for **wooden doors**
- **Push-to-Open operation** for handle-free furniture designs
- Suitable for individual door weights of **6-20kg**
- Suitable for door heights of **1200-2200mm**
- Suitable for door widths of **350-750mm**
- Suitable for door thicknesses of **18-26mm**
- **Left-hand configuration**
- Allows doors to **pivot, fold and slide to the side**
- Doors can be positioned alongside the cabinet body or within a suitable **pocket/recess**
- Supports a **flush-front furniture design with a uniform joint pattern**

- Features a **soft-closing mechanism**
- System adjustments can be made **from the front**

Product Benefits

- **Push-to-Open functionality enables clean, handle-free cabinet and furniture designs**
- **Pivot-folding and slide-in movement moves open doors out of the working area for convenient access to cabinet contents**
- **Wide dimensional range accommodates wooden doors from 1200-2200mm high and 440-750mm wide**
- Flush-front configuration helps create a **clean and consistent furniture appearance**
- Moving the folded doors to the side helps avoid the obstruction associated with **conventional projecting cabinet doors**
- Front-accessible adjustment supports **convenient installation and setup**
- Suitable for a variety of furniture applications including **kitchens, wardrobes, bathrooms and home offices**
