

## Hawa Folding Concepta 25 – Sliding Door Hardware – Basic Set – Width 1420 mm – Height 1250–1850 mm – Right – Alu Black Anodized

Variant code: 27641

### Hawa Folding Concepta 25 Sliding Door Hardware: Premium Retractable Door Solution (Basic Set)

Experience **seamless integration** and **space-saving design** with the **Hawa Folding Concepta 25** sliding door hardware basic set. This innovative system allows large, **heavy wooden doors** to **fold and slide** into a **recessed pocket** or **cabinet niche**, making it the perfect choice for **high-end residential** and **commercial furniture** applications where design and functionality are paramount.

### Key Features and Specifications

This basic set is specifically configured for a single, optimally-sized door panel, providing a **smooth, quiet, and reliable operation**.

- **Door Configuration:** **Single door**, folding and sliding into a pocket (right-hand installation).
- **Optimal Door Dimensions:**
  - **Width: 1420 mm** (Maximum door width supported by this set)
  - **Height: 1250 mm to 1850 mm** (Flexible height range)
- **Load Capacity:** Up to **25 kg** per door panel.
- **Installation Side:** **Right-hand** (Door recesses/slides to the right).
- **Application:** Ideal for **kitchen cabinetry**, **home offices**, **media centers**, **storage units**, and creating **walk-through openings** that disappear completely.

### Why Choose Hawa Folding Concepta 25?

- **Maximised Space Utilisation:** Doors **vanish completely** into the furniture body, eliminating projecting doors and creating **unrestricted access**. This is a **true space-saver** for compact or multi-functional rooms.
- **Superior Quality and Durability:** Hawa is renowned for **Swiss precision** and **long-lasting performance**. The Concepta 25 system ensures **smooth movement** and **stability** over thousands of cycles.
- **Design Flexibility:** Achieve **flush-front aesthetics** when the door is closed, and **full visibility/access** when open. This system supports **thick wooden doors**, providing a substantial, premium feel.
- **Effortless Operation:** Features a **convenient** and **intuitive** folding and sliding sequence. It's an **easy-to-use** system that enhances the user experience.

### What's Included in the Basic Set?

The basic set contains the core components for the folding/sliding mechanism, ready for assembly into your custom furniture carcass. *(Note: Cabinetry, door panels, and handle/pulls are typically purchased separately)*

- Running tracks and guides.
- Hinges and pivoting components.
- Adjustment and damping elements for a perfect finish.

Ready to transform your interior space with **innovative** and **elegant** folding pocket doors?
