Sugatsune Heavy Duty Concealed Cabinet Door Hinge - Boss Cover Plate - Black Nickel

Variant code: ACH09000BN

Sugatsune Heavy Duty Concealed Cabinet Door Hinge - Boss Cover Plate - Black Nickel is designed to conceal and protect the exposed hinge boss area on heavy-duty concealed cabinet door hinge installations. Manufactured by **Sugatsune**, a globally recognised specialist in precision architectural and furniture hardware, this cover plate enhances the finished appearance of concealed hinge installations while protecting exposed fixing points.

The cover plate fits over the hinge boss area to **hide visible hinge fixing points**, creating a cleaner and more refined cabinet interior. This improves the visual presentation of the cabinet while also helping protect the hinge fixing area from dust, debris and everyday contact. The component is designed specifically for **heavy-duty concealed cabinet hinge systems**, ensuring compatibility with suitable hinge configurations.

Finished in a **Black Nickel surface finish**, the cover plate provides a contemporary appearance that complements modern cabinet hardware and darker cabinetry interiors. The finish helps create a coordinated aesthetic while maintaining durability suitable for everyday cabinet use.

The compact and purpose-built design allows the cover plate to install easily over the hinge boss area without interfering with hinge movement or door operation. As part of the wider Sugatsune concealed hinge hardware ecosystem, the component contributes to both functional protection and improved cabinet presentation.

Product Features

- Cover plate designed for **concealed cabinet hinge boss areas**
- Compatible with **heavy-duty concealed cabinet hinge systems**
- Helps **conceal exposed hinge fixing points**
- **Black Nickel finish** for modern cabinet aesthetics

- Compact design that does not interfere with hinge movement
- Improves the overall appearance of cabinet interiors

Product Benefits

- Creates a cleaner and more refined cabinet interior appearance
- Protects hinge fixing areas from dust and debris
- Enhances the visual finish of concealed hinge installations
- Supports coordinated cabinet hardware design
- Maintains reliable hinge operation
- Suitable for residential and commercial cabinetry

Technical Characteristics

- Designed for concealed cabinet hinge boss coverage
- Compatible with heavy-duty concealed hinge systems
- Black Nickel surface finish
- Compact protective cover design
- Installs over hinge boss fixing area
- Suitable for interior cabinet installations

Applications

This hinge boss cover plate is used in cabinetry where heavy-duty concealed hinges are installed and exposed hinge fixing points require concealment. It is commonly specified in kitchens, wardrobes, office furniture and commercial joinery projects where a clean cabinet interior appearance and protection of hinge components are required. The Black Nickel finish makes it particularly suitable for modern furniture designs and darker cabinetry interiors.
