Sugatsune Heavy Duty Concealed Cabinet Door Hinge - Mounting Plate Cover - Nickel

Variant code: ACH09900NI

Sugatsune Heavy Duty Concealed Cabinet Door Hinge - Mounting Plate Cover - Nickel is designed to conceal and protect exposed mounting plates within concealed hinge installations, enhancing both durability and cabinet presentation. Manufactured by **Sugatsune**, a globally recognised specialist in precision architectural and furniture hardware, this cover provides a clean finishing detail while maintaining full compatibility with heavy-duty concealed hinge systems.

The mounting plate cover fits securely over the installed plate to **hide visible fixings and mechanical components**, creating a more refined and uniform cabinet interior. By covering exposed elements, it improves the overall appearance while also helping to protect the mounting plate from dust, debris and incidental contact during everyday use.

Designed for seamless integration with **Sugatsune concealed hinge mounting plates**, the cover installs easily without affecting hinge operation or adjustment. Its precision fit ensures that access to hinge functionality is maintained while delivering a cleaner visual finish across the cabinet interior.

Finished in a **durable nickel-plated surface**, the cover offers a neutral appearance suitable for a wide range of cabinetry styles. The finish provides resistance to wear while maintaining consistency with other nickel hardware components used within the cabinet system.

Product Features

- **Cover for concealed hinge mounting plates**
- Conceals **fixings and exposed components**
- Compatible with **Sugatsune concealed hinge systems**
- **Nickel-plated finish** for clean aesthetics
- Helps protect mounting plates from dust and contact

- Precision fit without affecting hinge performance

Product Benefits

- Improves cabinet interior appearance
- Enhances the overall finish of hinge installations
- Protects mounting components from wear and debris
- Maintains smooth hinge operation and accessibility
- Supports coordinated cabinet hardware design
- Suitable for residential and commercial cabinetry

Technical Characteristics

- Cover component for concealed hinge mounting plates
- Designed for use with Sugatsune heavy-duty hinge systems
- Nickel-plated steel or compatible material construction
- Snap-on or push-fit installation
- Suitable for internal cabinet use
- Maintains access to hinge adjustment points

Applications

This mounting plate cover is used in cabinetry where concealed hinges are installed and a clean, finished interior appearance is required. It is commonly specified in kitchens, wardrobes, office furniture and commercial joinery projects where both durability and presentation are important. The nickel finish ensures compatibility with a wide range of cabinet hardware, making it suitable for both traditional and contemporary interiors.
