

## Heavy Duty Support Plate to Suit Half Overlay Cabinet Damper – Black

Variant code: ACC-DAM43-BLACK

**Heavy Duty Support Plate** is a genuine mounting accessory designed for use with the **Sugatsune ACC-DAM Cabinet Damper**, enabling soft-close functionality on **half overlay and inset cabinet doors**. Finished in **black**, the support plate provides a secure mounting platform that expands the compatibility of the ACC-DAM system beyond full overlay applications, allowing smooth, controlled door closing across a wider range of cabinet designs.

Manufactured for strength and durability, the support plate ensures accurate positioning of the damper for consistent soft-close performance. When paired with the ACC-DAM cabinet damper, it helps reduce door slamming, minimises impact on cabinet frames and hardware, and extends the lifespan of furniture by providing a controlled closing action.

Designed for professional cabinet makers, furniture manufacturers and installers, the Sugatsune Heavy Duty Support Plate offers a simple installation solution that enables premium soft-close performance on half overlay and inset cabinet doors while maintaining a discreet appearance inside the cabinet.

---

### Product Features

- Heavy-duty support plate for Sugatsune ACC-DAM cabinet damper
- Black finish
- Enables soft-close operation on half overlay cabinet doors
- Compatible with inset cabinet door applications
- Designed to support ACC-DAM damper installation
