

Heavy Duty Floor Mounted Door Stop – 3 Fixing Points – Satin Stainless Steel

Variant code: 3410.71.SSS

The **Heavy Duty Floor Mounted Door Stop** is a robust architectural door stop designed to protect doors, walls and surrounding fixtures from impact in high-traffic commercial and public environments. Manufactured in a durable **Satin Stainless Steel (SSS)** finish, this premium floor-mounted stop features a **three-point fixing system** for superior strength and stability, making it ideal for demanding applications where reliable door control is essential.

Engineered for heavy-duty performance, the door stop provides a secure stopping point that helps prevent damage caused by doors opening too far. The three fixing points distribute impact forces evenly across the floor, creating a more secure installation than single-fix alternatives. Tested to **BS EN 1634-1**, it is suitable for installation in compatible fire-rated door assemblies, making it an excellent choice for commercial buildings where safety and durability are paramount.

Its corrosion-resistant satin stainless steel construction offers long-lasting performance with minimal maintenance while complementing modern architectural door hardware. Suitable for both new-build and refurbishment projects, this heavy-duty floor stop provides dependable protection in busy environments.

Product Features

- Heavy duty floor mounted door stop
- Three-point fixing system for increased strength
- Satin Stainless Steel (SSS) finish
- Robust corrosion-resistant construction
- Ideal for heavy commercial use
- Protects doors, walls and surrounding fixtures
- Tested to BS EN 1634-1
- Suitable for internal and external applications where appropriate

Product Benefits

- **Heavy-duty construction withstands**

frequent impact in busy commercial environments

- **Three fixing points provide a secure and stable installation**
- **Satin stainless steel finish delivers excellent corrosion resistance and a contemporary appearance**
- Helps prevent damage to doors, walls and door hardware
- Suitable for high-traffic commercial and public buildings
- Fire-tested to BS EN 1634-1 for compatible fire door applications
- Low-maintenance finish retains its appearance over time
- Complements modern stainless steel architectural ironmongery

Technical Characteristics

- Product Type: Floor Mounted Door Stop
- Construction: Heavy Duty
- Mounting: Floor Mounted
- Fixing Points: 3
- Material: Stainless Steel
- Finish: Satin Stainless Steel (SSS)
- Certification: BS EN 1634-1
- Application: Commercial and Residential Doors

Applications

The **Heavy Duty Floor Mounted Door Stop** is ideal for **offices, hospitals, schools, hotels, retail premises, apartment developments, public buildings and commercial facilities**. Designed to protect **timber, metal and fire-rated doors** from over-travel, it provides a durable, secure and professional solution for preventing damage to walls, skirting boards, furniture and door hardware in high-use environments.
