

## Lamp Lift Assist Damper for Counter Flaps - Heavy Duty -Soft Close - 25-35 N·m/pc -Includes White Covers

Variant code: CFDXL-WT

## Effortless Opening, Gentle Closing: The ErgoLift Lift-Assist Damper

Tired of heavy panels and dangerous slamming? Upgrade your access points with the ErgoLift Lift-Assist Damper—the perfect blend of safety, convenience, and premium performance. This innovative hardware is ideal for kitchen countertops, cabinet doors, and access hatches, providing an accessible and quiet solution for every home and business.

## **Key Features & Benefits:**

- Ergonomic Lift-Assist Technology: Our core lift-assist function makes opening and closing panels virtually effortless.
   This is a life-changing feature for children, the elderly, and individuals with disabilities or limited mobility, promoting universal accessibility and independent living.
- Ultimate Finger Safety with Soft-Close: Experience true peace of mind. The integrated soft-close damper prevents heavy panels from ever slamming shut, eliminating the risk of painful injuries to hands and fingers. It's the essential safety hardware upgrade for a busy, family-friendly environment.
- Early-Engagement Damper Function:
   Unlike standard dampers, our system doesn't require the panel to be fully opened to engage. The soft-close function activates at a low opening angle, ensuring a smooth, controlled descent every time—a truly premium soft-close experience.
- Integrated Over-Rotation Stopper: A robust built-in stopper holds the panel securely at a 95° angle, preventing accidental over-rotation and potential

damage to the panel or surrounding structure.

• Easy Surface-Mount Retrofit: Designed for simplicity, the surface-mounting installation allows for quick and easy retrofit into existing countertop passages and cabinetry. No complex modifications—just an instant upgrade to your current setup.

**Technical Specifications:** 

• **Torque:** 25-35 N0m/pc

• Installation: Surface Mount (Easy Retrofit)

• Note: Piano hinge sold separately.

Get the ErgoLift Damper today for a safer, smoother, and more accessible space!
