Large Keep - Beeswax

Variant code: 33161

Spare keep for our beeswax rim locks.
Alternatively they are occasionally used as drawer pulls.

- Sold in singles.
- Supplied with matching SS wood screws.

Our beeswax finish is the most authentic finish for steel. After forging, the colours left in the steel range from blue to deep red ochre. To preserve these beautiful colours, our beeswax products are dipped into hot beeswax. This gives a subtle, matt richness to the metal and offers excellent protection when the products are fitted internally and properly maintained. An extremely natural finish and a far softer alternative to a black powder coated finish.

Property	Value
Finish	Beeswax
Depth (mm)	30
Width (mm)	29
Range	Rim Lock
Overall Length (mm)	108
