LED Hanging Rail Aluminium Profile – 2000mm – inc White Push-on Diffuser

Variant code: LLP07400ALWT.2000

Illuminate Your Space with Sleek Style: LED Hanging Rail Aluminium Profile (2000mm)

Upgrade your lighting design with this modern and versatile LED Hanging Rail Aluminium Profile. This 2-meter (2000mm) profile provides a clean, minimalist look while offering exceptional functionality for your LED strip installations. Perfect for both residential and commercial applications, this profile allows you to create stunning, customised lighting solutions.

Key Features:
High-Quality Aluminium: Crafted from durable aluminium, this profile ensures excellent heat dissipation and long-lasting performance.
Optimal Length: The 2000mm length provides ample space for continuous LED strip lighting, reducing the need for multiple profiles and creating a seamless look.
Effortless Installation: The included white push-on diffuser makes installation a breeze, providing a secure and clean finish.
Diffused Light: The white diffuser softens the light output from your LED strips, creating a comfortable and even illumination.
Versatile Applications: Ideal for under cabinet lighting, shelving illumination, accent lighting, and more.

Benefits:
Modern Aesthetics: The sleek aluminium profile adds a touch of elegance to any space.
Customisable Lighting: Design your own unique lighting schemes with ease.
Energy Efficiency: Combine this profile with energy-efficient LED strips to save on electricity costs.
Easy Maintenance: The simple design allows for easy cleaning and maintenance.

Package Includes:
1 x 2000mm Aluminium Profile
1 x White Push-on Diffuser
