Blum Legrabox Back Fixing Bracket - 'C' Height (177.5mm) - Orion Grey - Left & Right Hand

Variant code: ZB7C000SOG

Blum LEGRABOX Back Fixing Bracket - C Height (177.5mm) - Orion Grey is designed to securely connect the drawer back to LEGRABOX drawer sides, ensuring structural integrity, accurate alignment and reliable performance within the drawer system. As part of Blum's precision-engineered LEGRABOX platform, it plays a critical role in maintaining the strength and stability of the overall drawer assembly.

The **C height (177.5mm)** configuration is suited to deeper drawer applications, supporting higher drawer sides and increased storage capacity. Engineered for seamless integration, the bracket ensures a **secure and consistent connection** between drawer components, contributing to **stable construction** and smooth operation when paired with compatible runners and drawer elements.

Finished in **Orion Grey**, the bracket matches LEGRABOX drawer sides and steel backs, maintaining a **cohesive and coordinated appearance** throughout the system. Available in multiple **nominal lengths**, it allows precise specification to suit drawer depth and cabinet dimensions, ensuring correct fit and optimal system performance.

Product Features

- Designed for **Blum LEGRABOX drawer systems**
- **C height (177.5mm)** for deeper drawer configurations
- Provides **secure fixing between drawer back and sides**
- Supports **stable and rigid drawer construction**
- Finished in **Orion Grey** for system consistency
- Available in multiple **nominal lengths**

Product Benefits

- Ensures **strong and reliable drawer assembly**
- Maintains **accurate alignment of drawer components**
- Supports **high-capacity drawer configurations**
- Enhances overall drawer stability and durability
- Provides consistent integration across LEGRABOX systems
- Suitable for **residential and commercial furniture applications**

Technical Characteristics

- Requires pairing with **LEGRABOX drawer sides and steel backs**
- Designed for integration within complete drawer assemblies
- Nominal length must match runner and drawer depth
- Supports accurate installation and secure fixing
- Engineered for durability and repeated use
- Ensures optimal performance within the LEGRABOX system

Applications

This back fixing bracket is suitable for **kitchen cabinetry, wardrobes, storage units and fitted furniture** where secure drawer construction is required. The **C height configuration** makes it particularly suitable for deeper drawers such as pan drawers and high-capacity storage units. Available in multiple **nominal lengths**, it allows precise specification across a wide range of cabinet sizes while maintaining consistent performance and system integrity.
