Blum Legrabox Back Fixing Bracket - 'F' Height (241.0mm) - Left & Right Hand - Orion Grey

Variant code: ZB7F000SOG

Blum LEGRABOX Back Fixing Bracket - F Height (241mm) is designed to securely connect the drawer back to LEGRABOX drawer sides, providing **structural strength**, **precise alignment** and **reliable performance** within high-capacity drawer systems. As part of Blum's premium LEGRABOX platform, it plays a critical role in maintaining the integrity and stability of the overall drawer assembly.

The **F height (241mm)** configuration is intended for tall drawer applications, supporting increased drawer side height and higher load requirements. Engineered for seamless integration, the bracket ensures a **secure and consistent connection** between drawer components, contributing to **stable construction** and smooth drawer operation when used with compatible runners and system components.

Designed for **left and right-hand configurations**, the bracket allows correct installation based on drawer orientation, ensuring accurate assembly and consistent performance across multiple installations. Manufactured for durability, it supports long-term use in both residential and commercial environments.

Product Features

- Designed for **Blum LEGRABOX drawer systems**
- **F height (241mm)** for tall drawer configurations
- Provides **secure fixing between drawer back and sides**
- Available in **Left and Right hand options**
- Supports **stable and rigid drawer construction**
- Compatible with LEGRABOX system components

Product Benefits

- Ensures **strong and reliable drawer assembly**

SWS HARDWARE

Email: info@swshardware.com

- Supports **high-capacity drawer configurations**
- Maintains **accurate alignment of drawer components**
- Enables correct installation through handing options
- Enhances overall drawer stability and durability
- Suitable for **residential and commercial furniture applications**

Technical Characteristics

- Requires pairing with **LEGRABOX drawer sides and steel backs**
- Designed for integration within complete drawer assemblies
- Handing must match drawer orientation (left or right)
- Supports accurate installation and secure fixing
- Engineered for durability and repeated use
- Ensures optimal performance within the LEGRABOX system

Applications

This back fixing bracket is suitable for **kitchen cabinetry, wardrobes, storage units and fitted furniture** where tall, high-capacity drawers are required. The **F height (241mm)** makes it particularly suitable for deep storage drawers such as pantry units and large storage compartments. The availability of **left and right-hand variants** ensures correct installation across a wide range of drawer configurations while maintaining consistent system performance.
