Blum Legrabox Back Fixing Bracket - 'K' Height (150mm) - Left & Right Hand - Orion Grey

Variant code: ZB7K000SOGV1

Blum LEGRABOX Back Fixing Bracket - K Height 150mm is designed to securely connect the drawer back to LEGRABOX drawer sides, ensuring accurate alignment and structural stability within the drawer system. As part of Blum's premium LEGRABOX platform, this bracket supports consistent assembly and reliable performance across high-capacity drawer applications.

The **K height (150mm)** configuration is intended for deeper drawer constructions, providing enhanced support for taller drawer sides and increased storage capacity. Designed for **left and right hand** installation, the brackets ensure correct positioning and secure retention of the drawer back, maintaining system integrity under load.

Available in a range of finishes including **Stainless Steel, Silk White, Carbon Black and Orion Grey**, the bracket allows seamless coordination with drawer sides and internal cabinet aesthetics. Manufactured to Blum's precision standards, it integrates fully within the LEGRABOX system to deliver dependable long-term performance.

Product Features

- Designed for **Blum LEGRABOX drawer systems**
- **K height (150mm)** compatibility for deeper drawers
- Suitable for **left and right hand** installation
- Available in multiple **finish options**
- Secure fixing between drawer back and sides
- Precision-engineered for accurate alignment

Product Benefits

- Ensures stable and durable drawer construction
- Supports consistent alignment across components

Tel: 01626 333900

- Provides flexibility in finish coordination
- Enhances overall drawer strength and performance
- Simplifies installation and assembly
- Maintains a clean and professional internal drawer finish

Technical Characteristics

- Designed for use with **LEGRABOX drawer sides and steel backs**
- Requires correct pairing with K height drawer components
- Handing determines installation position
- Manufactured for precise fit and secure retention
- Durable construction for long-term reliability
- Compatible with LEGRABOX system configurations

Applications

This back fixing bracket is suitable for kitchen, bedroom and fitted furniture drawer systems using Blum LEGRABOX components. It is used to secure the rear panel of deeper drawer configurations, ensuring structural stability and consistent performance. Available in multiple finishes, it supports both functional requirements and coordinated design across residential and light commercial cabinetry projects.
