Blum Legrabox Back Fixing Bracket - 'M' Height (66.5mm) - Left & Right Hand - Orion Grey

Variant code: ZB7N000SOGV1

Blum LEGRABOX Back Fixing Bracket - M Height 66.5mm is designed to securely connect the drawer back to LEGRABOX drawer sides, ensuring precise alignment and structural stability within the drawer system. As part of Blum's engineered LEGRABOX platform, this bracket plays a critical role in maintaining the integrity and performance of assembled drawers.

The **M height (66.5mm)** configuration is suited to lower drawer applications where a reduced drawer side height is required. Designed for **left and right hand installation**, the bracket allows accurate positioning and secure retention of the drawer back, supporting consistent assembly and smooth drawer operation when used with compatible LEGRABOX components.

Manufactured to Blum's high precision standards, the bracket integrates seamlessly within the LEGRABOX system. Its robust construction ensures long-term durability, while its design supports efficient installation and reliable performance across a wide range of cabinetry applications.

Product Features

- Designed for **Blum LEGRABOX drawer systems**
- **M height (66.5mm)** compatibility
- Suitable for **left and right hand** installation
- Secure fixing between drawer back and sides
- Precision-engineered for accurate alignment
- Compatible with LEGRABOX runners and components

Product Benefits

- Ensures stable and reliable drawer construction
- Supports consistent alignment across components

- Enhances overall drawer durability and performance
- Provides flexibility for different installation requirements
- Simplifies assembly within LEGRABOX systems
- Maintains clean and professional drawer construction

Technical Characteristics

- Designed for use with **LEGRABOX drawer sides and steel backs**
- Requires correct pairing with M height drawer components
- Handing determines installation position
- Precision-manufactured for secure fit and retention
- Durable construction for long-term use
- Compatible with LEGRABOX system configurations

Applications

This back fixing bracket is suitable for kitchen, bedroom and fitted furniture drawer systems using Blum LEGRABOX components. It is used to secure the rear panel of lower drawer configurations, ensuring structural stability and consistent performance. Its compatibility with left and right hand installation makes it suitable for a wide range of cabinetry layouts in both residential and light commercial environments.
