Blum Legrabox Drawer Side - 'C' Height (177.5mm) - Silk White - Left & Right Hand 550mm

Variant code: 770C5502SSWV1

Blum LEGRABOX Drawer Side - C Height (177.5mm) is designed to form part of the LEGRABOX drawer system, delivering **slim drawer design**, **high structural stability** and **precise alignment** in modern cabinetry applications. As part of Blum's premium drawer platform, it supports clean, minimalist aesthetics while maintaining consistent performance across a wide range of drawer configurations.

The **C height (177.5mm)** provides increased drawer side height, making it suitable for deeper storage applications where additional capacity is required. Its slim metal profile contributes to a **refined, straight-line design**, allowing the drawer system to integrate seamlessly into contemporary cabinetry. The drawer side works in conjunction with compatible Blum runners and back panels to ensure **smooth operation and stable drawer construction**.

Engineered for precision, the system allows for **accurate adjustment and alignment**, helping achieve consistent gaps and clean visual lines across multiple drawers. Available in a range of **nominal lengths** and **finish/colour options**, the drawer side can be specified to suit different cabinet dimensions and design requirements.

Product Features

- Designed for **Blum LEGRABOX drawer systems**
- **C height (177.5mm)** for increased drawer capacity
- Slim drawer side profile for **modern, straight-line design**
- Supports **stable and rigid drawer construction**
- Compatible with **LEGRABOX runner systems**
- Available in multiple **nominal lengths**
- Available in various **finish/colour options**

Product Benefits

SWS HARDWARE

Tel: 01626 333900
Email: info@swshardware.com

- Enhances **drawer storage capacity**
- Supports **clean, minimalist cabinetry design**
- Provides **consistent and stable drawer performance**
- Enables **precise alignment and uniform reveals**
- Allows flexibility across cabinet configurations
- Suitable for **residential and commercial furniture applications**

Technical Characteristics

- Requires pairing with **Blum LEGRABOX runners and components**
- Designed for integration with drawer base and back systems
- Supports accurate assembly and adjustment during installation
- Compatible with full extension runner configurations
- Available in different nominal lengths to suit cabinet sizes
- Ensures optimal performance when used within the LEGRABOX system

Applications

This drawer side is suitable for **kitchen cabinetry, wardrobes, storage units and fitted furniture** where increased drawer height and modern design are required. The **C height configuration** makes it particularly suitable for deeper drawers used in kitchens and storage applications, while the availability of **nominal lengths and finish options** allows specification across a wide range of cabinetry designs, from residential interiors to commercial fit-outs.
