

Legrabox Drawer Side 'K' Height – 300mm NL – Left Hand – Orion Grey – Austrian

Variant code: 770K3002SOGLH

Engineered with Austrian precision, this drawer side delivers unparalleled stability, smooth operation, and a sleek aesthetic, essential for high-end applications.

Key Features & Benefits:

- **Premium Austrian Engineering:** Experience the renowned quality and durability of Austrian manufacturing, ensuring long-lasting performance and reliability.
- **'K' Height – 300mm:** Ideal for maximising storage space and creating deep, functional drawers for various applications.
- **Right Hand Configuration:** Specifically designed for right-hand installations, ensuring seamless integration into your project.
- **Elegant Orion Grey Finish:** A modern and versatile colour that complements a wide range of interior styles, adding a touch of sophistication.
- **Smooth and Silent Operation:** The Legrabox system guarantees effortless drawer movement, enhancing user experience and reflecting high-quality craftsmanship.
- **Robust Construction:** Built to withstand heavy loads and frequent use, making it perfect for demanding environments.

Target Applications:

- **Kitchen Cabinetry:** Perfect for creating deep pantry drawers, pot drawers, and other storage solutions.
- **Bathroom Vanities:** Enhances bathroom functionality with its smooth operation and elegant design.
- **Office Furniture:** Ideal for filing cabinets, storage units, and executive desks.
- **Retail Displays:** Provides a premium feel to display cases and storage solutions.
- **Custom Furniture Projects:** Enables joiners and furniture makers to create bespoke pieces with exceptional quality.

Benefits for Professionals:

- **Joiners:** Achieve precise and reliable drawer installations, ensuring client satisfaction and project success.
- **Architects:** Incorporate high-quality, aesthetically pleasing hardware into your designs, enhancing the overall project vision.
- **Project Managers:** Streamline project timelines with dependable components that minimise installation issues and callbacks.
- **Cabinet Makers:** Deliver superior craftsmanship and functionality, differentiating your work with premium hardware.
- **Interior Designers:** Utilise a stylish and functional drawer system that aligns with high-end design concepts.
