Blum Legrabox Symmetrical Front Fixing Bracket - 'C' Height (177.5mm)

Variant code: ZF7C7002

Blum Symmetrical LEGRABOX Front Fixing Bracket is designed to securely connect the drawer front to LEGRABOX drawer sides, ensuring precise alignment and consistent positioning within the drawer system. As part of Blum's premium LEGRABOX platform, this fixing bracket supports accurate front installation while maintaining the system's clean, linear design.

The **symmetrical bracket design** allows flexible installation across a wide range of drawer configurations, ensuring consistent positioning regardless of cabinet layout. It supports precise adjustment during installation, enabling accurate alignment of drawer fronts and clean, uniform reveals across multiple drawers.

Engineered to accommodate variations in **drawer height and width**, the bracket integrates seamlessly with LEGRABOX drawer sides, runners and internal components. Manufactured to Blum's high precision standards, it ensures secure fixing, reliable performance and long-term durability across residential and light commercial cabinetry.
