Blum Legrabox External Cover Cap - Symmetrical Plain - Orion Grey

Variant code: ZA7.0700.OG

Blum LEGRABOX External Cover Cap - Symmetrical Plain is designed to conceal visible fixing points on LEGRABOX drawer sides, providing a **clean, refined finish** and enhancing the overall appearance of the drawer system. As part of Blum's premium LEGRABOX platform, this component supports a **minimalist design aesthetic** by ensuring that all external hardware elements remain discreet and visually consistent.

The **symmetrical plain design** allows the cover cap to be used on both left and right drawer sides, simplifying installation while maintaining a uniform appearance across all drawers. It clips securely into place over exposed fixing areas, delivering a **flush and unobtrusive finish** that aligns with the straight-line styling of LEGRABOX drawers.

Available in a range of **finish options**, the cover cap is designed to match LEGRABOX drawer sides, ensuring a cohesive and coordinated look throughout the drawer system. Manufactured for durability, it maintains its appearance over time while protecting internal fixing points from dust and wear.

Product Features

- Designed for **Blum LEGRABOX drawer systems**
- **Symmetrical plain design** for universal left/right use
- Conceals **external fixing points**
- Provides **clean and flush drawer finish**
