

Euro Profile Escutcheon – 50mm – Black

Variant code: 1405.12.BK

Euro Profile Escutcheon is a contemporary architectural accessory designed to provide a neat, professional finish around euro profile cylinders. Finished in a stylish **Black coating**, this escutcheon complements modern door furniture while protecting and neatly concealing the cylinder cut-out for a refined appearance.

Featuring a **50mm diameter screw-on rose** with an **8mm projection**, the escutcheon offers a clean, low-profile design that coordinates perfectly with matching black lever handles and architectural hardware. Suitable for both **Euro Profile and Standard Profile** lock applications, it is supplied complete with **fixing screws** for straightforward installation and a secure fit. The concealed screw-on rose creates a seamless finish, making it ideal for both new installations and refurbishment projects.

Designed for commercial and residential interiors, this euro profile escutcheon combines durability, practicality and contemporary styling to complete any modern door hardware installation.
