Lever Key Escutcheon 52 x 8mm - 201 Stainless Steel

Variant code: 1405.12.SS201

The **Lever Key Escutcheon** is a premium architectural keyhole cover designed to provide a clean, professional finish around standard key-operated locks. Featuring a **52mm diameter** and a slim **8mm projection**, this escutcheon complements modern lever handles while concealing the lock preparation for a neat, minimalist appearance. Suitable for both commercial and residential applications, it combines durability with contemporary styling.

Manufactured from high-quality metal for long-lasting performance, the escutcheon offers excellent resistance to everyday wear and is designed to coordinate seamlessly with matching architectural door furniture. The concealed fixing design creates a smooth, uninterrupted finish, making it ideal for modern interior and exterior doors. Available in a choice of **Polished Stainless Steel (PSS)**, **Satin Stainless Steel (SSS)** and **Satin Anodised Aluminium (SAA)** finishes, it can be matched to a wide range of lever handles and door hardware.

Designed for professional fit-outs, refurbishment projects and new-build developments, the Lever Key Escutcheon provides a durable and stylish finishing detail for locking doors where quality, appearance and reliability are essential.
