# Locking Deluxe Monkeytail Fastener - Left Hand - Black

**Variant code: 33882**

Our monkeytail fasteners offer our most traditional style, taking inspiration from original 18th century design.

Designed to fit casement windows and match the monkeytail window stays in the range.

The handle is hinged to ensure it can be lifted away from the window for ease of use.

- The product is handed and therefore care needs to be taken when choosing the correct hand. From the inside view, if your window is hinged on the left then a left-hand fastener is required.
- The fastener has a locking mechanism by way of a grub screw.
- Suitable for use with weather-stripped windows.
- Supplied with matching SS wood screws.

Our black finish is a popular choice in traditional settings, it has a subtle sheen and offers a bold contrast on both stained and painted timber alike. It is baked in a high-temperature oven giving it durable corrosion resistant properties.

| Property | Value |
|---|---|
| Finish | Black |
| Range | Monkeytail |
| Overall Length (mm) | 121 |
| Handle Length (mm) | 96 |
