Die Cast Magnetic Catch 4.5KG Pull - Nickel Plate

Variant code: BMC04200NP

Die Cast Magnetic Catch is a compact, heavy-duty magnetic catch designed to securely hold cabinet, wardrobe and furniture doors closed while allowing effortless opening when required. Manufactured with a robust **die-cast body** and finished in **nickel plating**, this magnetic catch delivers a holding force of approximately **4.5kg**, providing reliable performance for a wide range of residential and commercial furniture applications.

Engineered for durability and smooth operation, the magnetic catch offers a strong, consistent hold while reducing door movement and unwanted opening. The corrosion-resistant nickel-plated finish provides long-lasting protection and complements modern cabinet hardware. Its compact design allows discreet installation inside cabinets, cupboards and wardrobes without affecting the appearance of the furniture.

Suitable for professional cabinet makers, furniture manufacturers and installers, the Sugatsune Die Cast Magnetic Catch provides a dependable and easy-to-install solution for keeping doors securely closed while maintaining a clean, unobtrusive finish.

Product Features

- Heavy-duty magnetic cabinet catch
- Approximate holding force: 4.5kg
- Durable die-cast metal body
- Nickel-plated finish for corrosion resistance
- Compact and discreet design
- Provides secure door retention
