

Medium Bean Thumbblatch - Pewter

Variant code: 33649

Traditionally used on a ledge and braced door, a thumb latch set is a decorative door latch with a thumb shaped lever. When the thumb shaped lever is pressed down this operates a thumb bar which passes through the door, this lifts the latch bar on the opposite side causing it to open.

Our blacksmith thumbblatches are hammered into shape from mild steel using the traditional manufacturing method of the same as all the thumbblatches are used in conjunction with a tee hinge on the door and a thumb bar on the inside of the door. The thumbblatches are made from mild steel and are finished with a black oxide finish. They are made to order and are available in a range of finishes. They are made to order and are available in a range of finishes. They are made to order and are available in a range of finishes.
