Blum Metabox Single Extension R7004 'M' Height - Dust Grey - 450mm

Variant code: 320M450GREY

Blum METABOX Drawer System - Single Extension M Height is a durable and practical steel drawer solution designed for smooth and reliable everyday cabinet use. Manufactured by **Blum**, a globally recognised leader in cabinet hardware, the METABOX system combines robust construction with proven runner technology to deliver consistent and dependable drawer performance across a wide range of applications.

This system features **single extension**, allowing controlled and stable drawer movement while providing practical access to contents. The **M height drawer sides** offer a low-profile design, making it ideal for shallow drawers or applications where reduced drawer height is required. Available in both **grey (R7004)** and **cream (R9001) finishes**, the system provides flexibility to suit different cabinet styles and interior specifications.

Designed for full compatibility within the Blum system, METABOX components ensure straightforward installation and reliable long-term operation. The system is available in a range of **nominal lengths**, allowing cabinet manufacturers and installers to select the appropriate size to suit cabinet depth while maintaining consistent performance and alignment.

Product Features

- **Single extension drawer system** for controlled access
- **M height steel drawer sides** for low-profile applications
- Available in **grey (R7004) and cream (R9001) finishes**
- Smooth and stable drawer movement
- Compatible with **Blum METABOX system components**
- Available in **multiple nominal lengths**

Product Benefits

- Provides **reliable and consistent drawer operation**
- Ideal for **shallow drawers and compact storage solutions**
- Ensures **durability in everyday cabinet use**
- Offers **flexibility in finish to suit cabinet design**
- Suitable for **a wide range of cabinet configurations**
- Enables **efficient installation and system integration**

Technical Characteristics

- **Steel drawer side construction** for strength and longevity
- Compatible with **Blum METABOX runners and accessories**
- Designed for **single extension drawer operation**
- Suitable for **various cabinet depths depending on nominal length**
- Engineered for **smooth running and stable alignment**
- Designed for **integration within Blum cabinet systems**

Applications

This drawer system is commonly used in **kitchen cabinetry, bedroom furniture, office storage and fitted joinery** where a reliable and cost-effective drawer solution is required. The M height design is particularly suited to **shallow drawers such as cutlery or accessory storage**, while the availability of multiple nominal lengths allows flexibility across different cabinet sizes. With a choice of grey or cream finishes, it integrates seamlessly into both traditional and contemporary interiors in **residential and light commercial environments**.
