Blum Metabox Single Extension - R9001 'H' Height - Cream - 400mm

Variant code: 320H400

Blum METABOX Drawer System - Single Extension H Height - Cream is a durable and reliable steel drawer solution designed for consistent performance in everyday cabinetry. Manufactured by **Blum**, a globally recognised leader in precision cabinet hardware, the METABOX system offers a practical and cost-effective approach to drawer construction, combining proven runner technology with robust drawer side design.

This system features **single extension**, allowing controlled and stable drawer movement while providing practical access to contents. The **H height drawer sides** offer increased storage capacity compared to lower profiles, making it suitable for deeper drawer applications where additional volume is required. The system is finished in **cream (R9001)**, providing a clean and neutral appearance that integrates easily across a wide range of cabinet styles.

Designed for compatibility within the Blum system, METABOX components ensure straightforward installation and consistent operation. The system is available in a range of **nominal lengths**, allowing cabinet manufacturers and installers to select the appropriate size based on cabinet depth while maintaining uniform performance.

Product Features

- **Single extension drawer system** for controlled access
- **H height steel drawer sides** for increased internal capacity
- Durable **cream (R9001) powder-coated finish**
- Smooth and stable drawer movement
- Designed for **Blum METABOX system compatibility**
- Available in **multiple nominal lengths**

Product Benefits

- Provides **reliable and consistent drawer operation**
- Offers **increased storage capacity** for deeper drawers
- Supports **durability in everyday cabinet use**
- Maintains a **clean and uniform cabinet appearance**
- Suitable for **a wide range of cabinet configurations**
- Enables **efficient and straightforward installation**

Technical Characteristics

- **Steel drawer side construction** for strength and longevity
- Compatible with **Blum METABOX runners and accessories**
- Designed for **single extension drawer operation**
- Suitable for **various cabinet depths depending on nominal length**
- Engineered for **smooth running and stable alignment**
- Designed for **integration within Blum cabinet systems**

Applications

This drawer system is commonly used in **kitchen cabinetry, bedroom furniture, office storage and fitted joinery** where a dependable and cost-effective drawer solution is required. The H height design makes it particularly suitable for **deeper storage drawers**, while the availability of different nominal lengths allows flexibility across various cabinet sizes. It is widely specified in both **residential and light commercial interiors**, delivering consistent performance and practical functionality.
