

Mitred Lever Handles on 50mm Sprung Rose – 19mm – Black

Variant code: 1190.19.02.BK

Mitred Lever Handles on 50mm Sprung Rose combine contemporary styling with dependable commercial-grade performance, making them ideal for modern residential, commercial and hospitality interiors. Manufactured from **SS304 stainless steel** with a durable **Black finish**, these architecturally styled lever handles feature a distinctive **mitred lever design** that delivers a sleek, minimalist appearance while providing comfortable everyday operation.

Mounted on a **50mm diameter sprung round rose** with an **8mm projection**, the integrated spring mechanism ensures smooth lever return and reliable performance. The handles feature a **cast stainless steel rose** with a **4-point fixing inner rose** for enhanced strength and stability, while the **screw-on rose cover** conceals fixings for a clean, professional finish. Supplied complete with **bolt-through fixings**, **wood screws**, an **improved Allen key** for easier installation and a **grub screw on the underside of the lever** for added security, the set is suitable for **35–54mm thick doors**.

Designed for durability, ease of installation and long-term performance, these mitred lever handles provide an attractive and reliable architectural door hardware solution for a wide range of interior applications.
