

Mitred Lever Handles on 50mm Sprung Rose – 19mm – Satin Brass

Variant code: 1190.19.02.SB

Mitred Lever Handles on 50mm Sprung Rose combine elegant contemporary styling with durable commercial-grade construction, making them ideal for modern residential, hospitality and commercial interiors. Manufactured from **SS304 stainless steel** with a premium **Satin Brass finish**, these architecturally inspired lever handles feature a distinctive **mitred design** that delivers a sophisticated appearance while providing smooth and comfortable operation.

Mounted on a **50mm diameter sprung round rose** with an **8mm projection**, the integrated spring mechanism ensures reliable lever return while reducing wear on the door latch. The handles incorporate a **cast stainless steel rose** with a robust **4-point fixing inner rose** for superior stability, while the **screw-on rose cover** conceals fixings to create a clean, seamless appearance. Supplied complete with **bolt-through fixings**, **wood screws**, an **improved Allen key** for easier installation, and a **grub screw positioned on the underside of the lever** for enhanced security, the set is suitable for **35–54mm thick doors**.

Combining premium materials, concealed fixings and a stylish satin brass finish, these mitred lever handles provide a reliable, long-lasting architectural hardware solution for high-quality interior doors.
