

Mitred Varese Lever on Round Rose 50mm x 8mm – Black

Variant code: 1198.08.02.BK

Mitred Varese Lever Handle on Round Rose combines elegant Italian-inspired styling with robust architectural performance, making it an excellent choice for contemporary commercial and residential interiors. Manufactured from **SS304 stainless steel** with a durable **Black finish**, the distinctive mitred Varese lever offers a sleek, modern appearance while delivering smooth, comfortable operation and long-lasting reliability.

Mounted on a **50mm diameter sprung round rose** with an **8mm projection**, the integrated spring mechanism ensures positive lever return while reducing wear on the door latch. The handle features a **cast stainless steel rose** with a **4-point fixing inner rose** for superior stability and strength, while the **screw-on rose cover** conceals fixings for a clean, premium finish. Supplied complete with **bolt-through and wood screw fixings**, an **improved Allen key** for easier installation, and a **grub screw positioned on the underside of the lever** for additional security, the handle is suitable for **35–54mm thick doors**.

Combining premium materials, concealed fixings and a stylish black finish, the Varese lever handle provides a durable, secure and architecturally refined door hardware solution for high-use environments.

Product Features
