

Monkeytail Lever Euro Lock Set – Pewter

Variant code: 45592

The monkeytail part of this traditional lever range starts life as a thin piece of mild steel. Our blacksmiths then heat and delicately hammer the steel to form the curly monkeytail shape – one of the most traditional designs in our collection.

Designed to match the monkeytail window furniture in the range.

This handle has a strong spring incorporated into the stylish boss design to give both functionality & elegance.

- Lever handle for internal and external doors where locking is required.
- Set includes 2 lever euro handles.
- Can be used with an euro sash lock in conjunction with a euro cylinder.
- Supplied with matching SS wood screws.

Property	Value
