

Monkeytail Slimline Lever Espag. Lock Set – Left Hand – Black

Variant code: 33037L

The monkeytail part of this traditional lever range starts life as a thin piece of mild steel.

Our blacksmiths then heat and delicately hammer the steel to form the curly monkeytail shape – one of the most traditional designs in our collection.

This handle has a strong double spring incorporated into the stylish boss design to give both functionality & elegance.

Lever handle for external doors where multi-point locking is required.

Set includes an internal and external lever espag lock handle.

Can be used with a multi-point lock or french door kit in conjunction with a euro cylinder.

Supplied with matching SS bolt through fixings.
