Blum Movento and Tandem Pull-Out Shelf Lock

Variant code: 295H5700

Reliable Full Extension Runners: Upgrade Your Furniture with MOVENTO and TANDEM

Engineered for demanding applications throughout the home, these concealed runners offer a seamless blend of smooth operation, robust stability, and user-friendly features that will impress your customers.

Key Advantages for Your Business:

- **Uncompromising Performance:** Ensure smooth, silent, and effortless drawer movement with our renowned MOVENTO and TANDEM full extension technology. This premium feel translates directly to increased perceived value in your finished products.
- **Versatile Integration:** Designed for broad application across all living areas, from kitchens and bathrooms to living rooms and bedrooms. Offer your clients consistent quality and functionality throughout their homes.
- **Enhanced User Experience:**
    - **Full Extension Access:** Provide complete access to the entire drawer contents, maximising usability and convenience for the end user.
    - **One-Handed Operation:** The integrated synchronisation shaft allows for easy, one-handed unlocking, a key feature appreciated in busy households.
    - **Soft-Close and Handle-less Options:** Seamlessly integrate with BLUMOTION for soft and silent closing, or leverage TIP-ON BLUMOTION and TIP-ON for elegant handle-less designs.
- **Robust and Reliable:** Benefit from a secure hold and lasting performance, ensuring customer satisfaction and reducing potential callbacks. The two-sided locking mechanism provides exceptional stability, even with heavily loaded drawers.

- **Simplified Manufacturing:**
    - **Easy and Intuitive Installation:** Streamlined installation processes save you time and resources in your workshop.
    - **" Fittings as Template:** Integrated fittings act as a practical drilling template, guaranteeing precise and efficient mounting.
    - **Standard Fixing Positions:** Runners are designed to be attached in standard fixing positions, simplifying integration with your existing cabinet designs.

Choose MOVENTO and TANDEM full extension runners to differentiate your furniture with premium quality, smooth operation, and user-centric design. Invest in solutions that reflect your commitment to excellence.
