

## Blum Movento Full Extension Runner System Underside Fixing - Blumotion - 40Kg - 350mm NL

Variant code: 760H3500SU

Movento Full Extension Drawer Runners for Underside Fixing with Blumotion (40kg Capacity, 500mm Nominal Length)

Optimise your furniture design and manufacturing processes with the **Movento Full Extension Runner for Underside Fixing**, featuring integrated **Blumotion soft-close technology**. This high-quality drawer slide system is engineered for demanding commercial and residential applications, offering smooth, silent, and reliable operation for drawers up to **40kg** in weight and with a **500mm nominal length (NL)**.

Designed for **underside mounting**, these runners provide a clean and sophisticated aesthetic, concealing the hardware for a premium finish. The **full extension** capability allows for complete access to the drawer contents, maximising functionality and user convenience.

The integrated **Blumotion dampening system** ensures a gentle and silent closing action, preventing slamming and enhancing the perceived value of your furniture. This feature is particularly beneficial in high-end kitchens, bathrooms, and office environments.

### Key Features and Benefits:

- **Full Extension:** Provides complete access to drawer contents, improving usability.
- **Underside Fixing:** Creates a clean, hardware-free aesthetic within the drawer.
- **Integrated Blumotion:** Offers silent and effortless soft-closing for enhanced user experience.
- **40kg Load Capacity:** Robust design suitable for heavy-duty applications in commercial and residential settings.
- **500mm Nominal Length (NL):** Specifically designed for drawers with a 500mm depth.
- **High-Quality Construction:** Ensures

durability and long-lasting performance, reducing the need for replacements.

- **Smooth and Silent Operation:** Enhances the quality and feel of the furniture.
- **Easy Installation:** Streamlines the manufacturing process and reduces assembly time.
- **Reliable Blum Technology:** Backed by Blum's reputation for innovation and quality in furniture hardware.

#### Ideal For:

- **Kitchen Manufacturers:** Perfect for high-end kitchen drawer systems.
- **Bathroom Furniture Manufacturers:** Ensures smooth and silent operation in vanity units.
- **Office Furniture Manufacturers:** Ideal for filing cabinets and desk drawers requiring full access.
- **Commercial Fit-Out Companies:** Provides a reliable and durable solution for various commercial furniture applications.
- **Joinery and Cabinet Making Businesses:** A premium hardware choice for custom furniture projects.
