

Newbury Lever on Art Deco Rose Set – Unsprung – Polished Nickel Hammered

Variant code: 50046

Our hammered range of products are meticulously hand-hammered by our skilled craftsmen. The textured surface this creates is well suited to a wide variety of settings.

Designed to match the hammered newbury window furniture in the range.

This concealed lever handle features a stepped art deco rose which matches a number of other products in our range and adds a contemporary edge to a traditional looking product. The handle has a strong spring incorporated into the concealed boss.

- Lever handle for internal and external doors where locking is either required or not required.
- Set includes 2 concealed lever on rose handles.
- Can be used with a multitude of standard locks, euro locks, latches, escutcheons & thumbturns for various uses within the home.
- Supplied with matching SS bolt through fixings & SS wood screws.

Our polished nickel finish is a high-quality plating applied to solid brass. This finish is bright, reflective and extremely versatile. It is very well suited to modern properties but equally matched to traditional settings due to the warm, calm tones. As our nickel finish is made using only one plating on brass, it offers a subtle warmth that cannot be replicated by more modern chrome finishes.

Property	Value
Finish	Polished Nickel
Width (mm)	53
Range	Hammered Newbury
Handle Length (mm)	126

Gallery

Technical drawing of a door handle set. The front view shows a circular rose with a diameter of 53mm and a handle with a length of 126mm. The side view shows a lever with a height of 64mm and a handle with a length of 22mm.

Please Note, due to the hand crafted nature of our products all measurements are approximate and should be used as a guide only.
