

Night-Vent Locking Peardrop Fastener – Left Hand – Polished Chrome

Variant code: 45394

Our range of peardrop fasteners are simple in design and offer a traditional looking product.

Designed to fit casement windows and match the peardrop window stays in the range.

The handle is night venting and can be locked in the open position as well as the closed position allowing some ventilation.

- The product is handed and therefore care needs to be taken when choosing the correct hand. From the inside view, if your window is hinged on the left then a left-hand fastener is required.
- The fastener has a locking mechanism by way of a grub screw.
- Suitable for use with weather-stripped windows.
- Supplied with matching SS wood screws.

Property	Value
Finish	Polished Chrome
Range	Peardrop
Overall Length (mm)	149
Handle Length (mm)	132

Gallery

Technical drawing of a Night Vent Locking Peedrop handle. The drawing includes three views: a front view showing a vertical handle with a curved bottom and three circular fasteners (top to bottom: 16mm diameter, 149mm height), a side view showing a horizontal handle with a curved top and a vertical base (35mm width, 132mm height, 49mm and 63mm segments), and a detail view of the base (14mm width, 63mm height, 25mm base). The base material is brass.

Please Note, due to the hand crafted nature of our products all measurements are approximate and should be used as a guide only.
