Non-Magnetic Touch Latch - 8kg Retaining Force - Black

Variant code: MC-37F-BK

Non-Magnetic Touch Latch is a robust **push-to-open and push-to-close mechanical latch** designed to create clean, handle-free cabinetry while providing a strong **8kg retaining force**. Its non-magnetic toggle mechanism securely holds cabinet doors closed and opens them with a simple push, making it ideal for modern furniture, commercial joinery and specialist applications.

The latch operates using a reliable **push-toggle mechanism**, which alternates between the open and closed positions with each press. This eliminates the need for external handles or knobs, creating a sleek, minimalist appearance while ensuring smooth and dependable operation. Independently tested to **30,000 open and close cycles**, it delivers long-lasting durability for high-use environments.

Manufactured from high-quality engineering materials, the latch offers reliable mechanical performance without relying on magnets, making it suitable for applications where magnetic catches are undesirable or unsuitable.

Product Features

- Non-magnetic touch latch
- Push-to-open and push-to-close toggle operation
- **8kg retaining force**
- Handle-free cabinet solution
- Mechanical latching system
- Fixed strike plate design
- Tested to **30,000 open/close cycles**
- Durable engineering-grade construction
- Genuine Sugatsune hardware

Product Benefits

- Creates a clean, minimalist cabinet appearance
- Provides strong and secure door retention
- Eliminates the need for handles or knobs
- Delivers reliable long-term mechanical performance
- Suitable for frequent daily operation
- Low-maintenance, non-magnetic design

Technical Characteristics

- **Product Type:** Non-Magnetic Touch Latch
- **Brand:** Sugatsune
- **Retaining Force:** 8kg
- **Operation:** Push-to-Open / Push-to-Close
- **Latch Mechanism:** Mechanical Toggle
- **Construction:** Engineering-Grade Polymer and Metal Components
- **Cycle Test:** 30,000 Open/Close Cycles
- **Application:** Handle-Free Cabinet Door Latching

Applications

The **Sugatsune Non-Magnetic Touch Latch** is ideal for **kitchen cabinets, wardrobes, office furniture, retail displays, healthcare furniture, laboratory cabinetry, marine interiors, caravans, motorhomes and bespoke joinery**. Designed for handle-free cabinet doors, it provides a strong **8kg mechanical retaining force** with dependable push-to-open operation, making it suitable for both residential and commercial environments where durability and clean aesthetics are essential.

Property	Value
Width (mm)	40
Length (mm)	65mm when closed ; 71mm when open
Colour	Black
Height (mm)	16
Material	Abs
Weight (g)	32
Holding Force (kg)	8
Fasteners Size	3.1 x 13, 3.5 x 10
Fasteners Type	Screw
