Blum Legrabox Runners - Full Extension Tip-on BLUMOTION - 70kg - Right Hand 500mm

Variant code: 753.5001SRH

Blum LEGRABOX Runner - Full Extension TIP-ON BLUMOTION - 70kg is engineered to deliver high-performance drawer movement with integrated push-to-open and soft-close functionality. As part of the LEGRABOX drawer system, this runner combines TIP-ON mechanical opening with BLUMOTION soft-close technology, enabling handle-less drawer operation while maintaining smooth and controlled closing.

The **full extension runner system** provides complete access to drawer contents, improving usability and storage efficiency in modern cabinetry. Designed for a **70kg load capacity**, it ensures stable and consistent performance even under heavy loads, making it suitable for large drawers and demanding applications. The synchronized runner mechanism delivers smooth, linear movement throughout the opening and closing cycle.

TIP-ON BLUMOTION integrates push-to-open functionality with soft-close damping, allowing drawers to open with a light press and close silently and effortlessly. The system is fully compatible with the Blum LEGRABOX platform, supporting clean handle-less designs while maintaining precision and reliability.

Product Features

- **Full extension runner** for complete drawer access
- Integrated **TIP-ON BLUMOTION** system
- Designed for **70kg load capacity**
- Smooth and synchronized drawer movement
- Compatible with Blum LEGRABOX drawer systems
- Supports handle-less drawer design

Product Benefits

- Enables effortless push-to-open drawer operation
- Provides smooth, quiet and controlled closing

Email: info@swshardware.com

- Improves access to full drawer contents
- Supports modern handle-less cabinetry aesthetics
- Maintains stable performance under heavy loads
- Enhances overall usability and functionality

Technical Characteristics

- Requires pairing with compatible **LEGRABOX drawer components**
- Integrated TIP-ON BLUMOTION system for opening and closing
- Designed for full extension drawer configurations
- Engineered for high load applications
- Precision runner mechanism for consistent movement
- Correct installation ensures optimal performance

Applications

This runner system is suitable for kitchen, bedroom and fitted furniture applications where handle-less drawer operation and high load performance are required. It is commonly used in large storage drawers, pan drawers and heavy-duty cabinetry where full access, smooth movement and controlled closing are essential. The TIP-ON BLUMOTION system makes it ideal for contemporary cabinet designs focused on clean aesthetics and ease of use.
