Blum Legrabox Drawer Side - 'C' Height (177.5mm) - Carbon Black - Left & Right Hand 500mm

Variant code: 770C5002SCBV1

Blum LEGRABOX Drawer Side - C Height (177.5mm) is designed to form part of the LEGRABOX drawer system, delivering **high structural stability**, **precise alignment** and a **minimalist, straight-line design** for modern cabinetry. As part of Blum's premium drawer platform, it supports clean aesthetics while maintaining consistent performance across a wide range of drawer configurations.

The **C height (177.5mm)** provides increased drawer side height, making it suitable for deeper storage applications where additional capacity is required. Its slim metal profile contributes to a **refined, contemporary appearance**, allowing drawers to integrate seamlessly into modern furniture designs. The drawer side works in conjunction with compatible Blum runners and back panels to ensure **smooth operation and stable drawer construction**.

Engineered for precision, the system enables **accurate adjustment and alignment**, helping achieve consistent gaps and clean visual lines across multiple drawers. Available in a range of **nominal lengths**, it can be specified to suit different cabinet sizes and configurations while maintaining system consistency.

Product Features

- Designed for **Blum LEGRABOX drawer systems**
- **C height (177.5mm)** for increased drawer capacity
- Slim drawer side profile for **modern, straight-line design**
- Supports **stable and rigid drawer construction**
- Compatible with **LEGRABOX runner systems**
- Available in multiple **nominal lengths**

Product Benefits

- Enhances **drawer storage capacity**

SWS HARDWARE

- Supports **clean and minimalist cabinetry design**
- Provides **consistent and stable drawer performance**
- Enables **precise alignment and uniform reveals**
- Allows flexibility across cabinet configurations
- Suitable for **residential and commercial furniture applications**

Technical Characteristics

- Requires pairing with **Blum LEGRABOX runners and components**
- Designed for integration with drawer base and back systems
- Supports accurate assembly and adjustment during installation
- Compatible with full extension runner configurations
- Available in different nominal lengths to suit cabinet sizes
- Ensures optimal performance when used within the LEGRABOX system

Applications

This drawer side is suitable for **kitchen cabinetry, wardrobes, storage units and fitted furniture** where increased drawer height and modern design are required. The **C height configuration** makes it particularly suitable for deeper drawers used in kitchens and storage applications. The availability of **nominal lengths** allows specification across a wide range of cabinet sizes and furniture designs, from residential interiors to commercial fit-outs.
