Oval Floor Mounted Door Stop - 40mm - Satin Anodised Aluminium

Variant code: 3410.21.SAA

The **Oval Floor Mounted Door Stop** is a premium architectural door stop designed to protect doors, walls and surrounding fixtures from damage caused by over-opening. Featuring a compact **40mm diameter** oval profile, this door stop combines contemporary styling with robust performance, making it ideal for commercial, public and residential environments. Its minimalist design coordinates perfectly with modern architectural ironmongery and door furniture.

Engineered for durability, the door stop incorporates a **locating pin** to prevent rotation after installation, ensuring it remains securely positioned even under frequent use. The **face-fix** design allows for straightforward installation onto solid floors, while its high-quality construction provides long-lasting reliability. Tested to **BS EN 1634-1**, it is suitable for use on compatible fire-rated door assemblies where specified. Available in **Satin Anodised Aluminium (SAA)** and **Satin Stainless Steel (SSS)**, it complements a wide range of contemporary interiors.

Suitable for new-build projects, refurbishments and commercial fit-outs, the Oval Floor Mounted Door Stop offers an attractive, low-maintenance solution for preventing damage to doors and surrounding finishes while maintaining a professional architectural appearance.
