

Overlay Door Pivot Hinge – Stainless Steel SUS430 – Left Hand

Variant code: PL-60L

Overlay Door Pivot Hinge is a premium-quality pivot hinge designed to provide smooth, reliable operation for overlay cabinet and furniture doors. Manufactured from durable **SUS430 stainless steel**, it offers excellent strength, corrosion resistance and long-lasting performance, making it ideal for residential, commercial and architectural joinery applications.

Available in **Left Hand and Right Hand** configurations, the PL-60 hinge provides precise door alignment and smooth pivoting action while maintaining a clean, professional appearance. Its compact design makes it suitable for a wide range of cabinetry, storage units, display furniture and bespoke joinery projects where dependable operation and durability are essential.

Manufactured to Sugatsune's renowned engineering standards, the PL-60 delivers reliable everyday performance while providing an attractive stainless steel finish that complements modern furniture and interior designs.

Product Features

- Available in **Left Hand and Right Hand** variants
