

Rack Bolt – Strike & Turn – 57mm Backset – Polished Nickel

Variant code: 0525PN/C

Rack Bolt – Strike & Turn – 57mm Backset

Secure your doors with confidence using our premium Rack Bolt – Strike & Turn, featuring a versatile 57mm backset. Engineered for superior security and seamless operation, this high-quality rack bolt is an ideal choice for enhancing the safety of your residential or commercial property.

Unrivalled Security and Convenience:

Our Rack Bolt offers a robust locking mechanism, providing an excellent deterrent against forced entry. The "Strike & Turn" functionality ensures easy and intuitive operation from the inside, allowing for quick locking and unlocking without the need for a key. This makes it particularly suitable for doors requiring quick egress in an emergency, or for rooms where convenient access is paramount.

Optimal 57mm Backset for Versatile Installation:

The 57mm backset is a popular and highly adaptable dimension, making this rack bolt compatible with a wide range of doors and door frames. This standard size simplifies installation and reduces the need for extensive modifications, saving you time and effort. Whether you're upgrading existing locks or installing new ones, this rack bolt offers broad compatibility.

Durable Construction for Lasting Performance:

Crafted from high-grade materials, our Rack Bolt is built to withstand daily wear and tear and resist tampering. The robust construction ensures long-term durability and reliable performance, providing you with peace of mind for years to come. The finish is designed to resist corrosion, maintaining its aesthetic appeal and functionality even in varying environmental conditions.

Sleek Design and Discreet Security:

Beyond its security features, this rack bolt boasts a discreet and low-profile design that seamlessly blends with your door's aesthetics. Its unobtrusive

appearance means it won't detract from your interior decor while still providing maximum security.

Ideal for a Variety of Applications:

- **Residential Homes:** Enhance the security of front doors, back doors, bedroom doors, or any internal door where additional locking is desired.
- **Commercial Properties:** Secure office doors, storage rooms, or utility access points with ease.
- **Hotels & Guesthouses:** Provide guests with an added layer of security and privacy in their rooms.
- **Schools & Institutions:** Reinforce security on classroom or administrative doors.

Key Features & Benefits:

- **Enhanced Door Security:** Provides a strong, additional locking point for increased protection.
- **Convenient Strike & Turn Operation:** Easy internal locking and unlocking without a key.
- **Versatile 57mm Backset:** Compatible with a wide range of doors for straightforward installation.
- **Durable, High-Quality Construction:** Built to last with corrosion-resistant materials.
- **Discreet & Aesthetic Design:** Blends seamlessly with any door decor.
- **Reliable Performance:** Ensures smooth and consistent operation.
- **Easy to Install:** Designed for hassle-free fitting by DIY enthusiasts or professionals.

Invest in the security of your property with our Rack Bolt – Strike & Turn – 57mm Backset. Combining superior protection with convenient operation and lasting durability, it's the smart

choice for modern security needs.
