

24V 10w/m Seamless Cob LED tape – Neutral White – 4000K – 9040mm/18W c/w JB lead

Variant code: LFS24010COBNW.9040J

Seamless COB LED Tape: Neutral White 4000K, 9040mm

Illuminate your space with the **premium 24V Seamless COB LED Tape**, a high-performance, energy-efficient lighting solution designed for a flawless, dot-free finish. This **professional-grade** tape is perfect for creating continuous, linear lighting effects in both residential and commercial settings.

Key Features & Benefits

- **Seamless & Dot-Free Illumination:** Our innovative Chip-on-Board (COB) technology packs LEDs closely together, eliminating the visible light dots often seen with traditional LED strips. The result is a **perfectly uniform**, continuous line of light that's ideal for high-end applications and reflective surfaces.
- **High Brightness & Efficiency:** Operating at **10W per meter**, this LED tape provides a bright, powerful light output of up to **900 lumens per meter**. It's an **energy-saving** alternative to traditional lighting, reducing your electricity costs without compromising on brightness. The 9040mm (9.04m) length consumes a total of only **18W**, highlighting its efficiency.
- **Neutral White 4000K Colour Temperature:** Emitting a crisp **4000K neutral white light**, this tape creates a clean, balanced, and inviting atmosphere. It's the perfect colour temperature for task lighting in kitchens, offices, and workshops, as well as for general ambient lighting in living areas and hallways.
- **Easy Installation:** The included **JB (junction box) lead** simplifies wiring and installation. The tape features a strong **3M self-adhesive backing**, allowing for quick and secure mounting on most surfaces. It is also flexible, easily bending around corners and curves to fit any design.

- **Long-Lasting Performance:** Built to last, this COB LED tape boasts a long lifespan, significantly reducing the need for maintenance and replacement. Its robust construction ensures reliable performance for years to come.

Applications

This versatile LED tape is suitable for a wide range of applications, including:

- **Kitchen & Cabinet Lighting:** Create stunning under-cabinet lighting that eliminates shadows and highlights your countertops.
- **Cove & Accent Lighting:** Add a modern touch to ceilings, architectural features, and niches with a continuous glow.
- **Retail & Display Lighting:** Perfect for illuminating products, shelves, and display cases in shops and galleries.
- **Home & Office Decor:** Use for mood lighting behind TVs, around mirrors, or along stairs.

Technical Specifications

- **LED Type:** COB (Chip-on-Board)
- **Voltage:** 24V DC
- **Power Consumption:** 10W per meter (18W for the full 9040mm length)
- **Colour Temperature:** 4000K (Neutral White)
- **Length:** 9040mm (9.04 meters)
- **IP Rating:** IP20 (Indoor use only)
- **Adhesive Backing:** 3M
- **Includes:** Junction Box (JB) lead
