

24v LED Dual Bendable Seamless Neon Tape – 10mm x10mm x 4600mm – 36.8w – Warm White c/w 2m JB Input Lead

Variant code: LFS24810WW,4600J

Introducing the **24V LED Dual Bendable Seamless Neon Tape**! This innovative lighting solution offers unparalleled flexibility and a sleek, modern aesthetic, making it perfect for a wide range of applications. With its seamless design and warm white glow, it creates a cosy, inviting atmosphere.

Key Features

- **Dual-Direction Bending:** Unlike traditional single-bend neon ropes, our product bends on both the horizontal and vertical axes, providing ultimate design freedom. This unique feature allows you to create intricate shapes and curves effortlessly.
- **Seamless Light Output:** The advanced silicone diffusion material ensures a consistent, dot-free light emission. This creates a smooth, professional-looking neon glow without any visible LED hotspots.
- **High-Quality & Durable:** Constructed from high-quality silicone, this **LED neon flex** is built to last. It is weather-resistant (IP67 rated), making it suitable for both indoor and outdoor use. The tape is also UV-resistant and won't yellow or crack over time.
- **Energy-Efficient & Safe:** Operating at a low voltage of 24V DC, this **LED neon tape** is highly energy-efficient, consuming only 36.8W for the entire 4.6m length. The low voltage also makes it safe to handle and install.
- **Easy to Install:** The flexible design and included 2m J-box input lead make installation a breeze. The 10mm x 10mm profile is slim and discreet, allowing for versatile placement in tight spaces.

Product Specifications

- **Product Name:** 24V LED Dual Bendable

Seamless Neon Tape

- **Dimensions:** 10mm x 10mm x 4600mm
- **Power Consumption:** 36.8W (8W/m)
- **Color:** Warm White (2700K – 3000K)
- **Voltage:** 24V DC
- **Included:** 2m J-box Input Lead
- **IP Rating:** IP67 (Suitable for indoor and outdoor use)
