

5640 Lever Action Flush Bolt – 25mm wide x 305mm length – Polished Brass Lacquered

Variant code: 25.5640PB.D

5640 Lever Action Flush Bolt – Polished Brass Lacquered

Secure and elevate your doors with the 5640 Lever Action Flush Bolt, a premium-quality, elegantly crafted flush bolt designed for superior security and seamless aesthetics. Measuring a sleek 25mm wide by 305mm long, this robust bolt is engineered for recessed installation, providing a clean, flush finish that enhances the look of any door while offering a powerful locking mechanism. The exquisite polished brass lacquered finish not only provides a stunning, mirror-like shine but also ensures long-lasting durability and resistance to tarnishing, making it a perfect choice for both traditional and contemporary interiors.

Key Features & Specifications

- **Premium Quality Material:** Constructed from solid brass for exceptional strength, reliability, and longevity. The polished brass lacquered finish adds a protective layer, preventing oxidation and maintaining its brilliant luster for years to come.
- **Sleek Dimensions:** With a slim profile of **25mm wide x 305mm length**, this flush bolt is ideal for installation on a wide range of doors, including double doors, French doors, and patio doors.
- **Lever Action Mechanism:** The smooth and positive lever action provides a secure and reliable locking solution. The intuitive lever allows for effortless engagement and disengagement of the bolt, ensuring a positive lock every time.
- **Flush Mount Design:** Designed to be mortised into the door edge, the bolt sits flush with the surface, creating a clean, professional, and minimalist look. This discreet design is perfect for maintaining the elegance of your woodwork.
- **Versatile Application:** Suitable for residential and commercial use on timber, composite, and UPVC doors.
- **Easy Installation:** Comes complete with

all necessary fixings for a straightforward and secure installation.

- **Durable Finish:** The high-quality lacquer protects the polished brass finish from fingerprints, tarnish, and wear, ensuring it remains pristine with minimal maintenance.
