Adams Rite Radius Faceplate – Suits 4700 Series Deadlatches & Deadlocks

Enhance Security and Aesthetics with a Premium Radius Faceplate

The Adams Rite Radius Faceplate, specifically designed to perfectly complement the Adams Rite 4700 series deadlatches and deadlocks, offers a superior solution for both new installations and existing door hardware upgrades. Crafted with precision and durability in mind, this faceplate ensures seamless integration, enhanced security, and a refined aesthetic for a wide range of commercial and institutional door applications.

Precision Engineered for the Adams Rite 4700 Series

This radius faceplate is meticulously engineered to provide an exact fit for popular Adams Rite 4700 series hardware, including the **4710 Deadlatch**, **4730 Deadlock**, **4750 Deadlatch**, and **4790 Deadlock**. Its precise dimensions and pre-drilled holes guarantee a straightforward installation, saving valuable time and effort. Forget about compatibility concerns; this faceplate is tailor-made for your Adams Rite 4700 series locking mechanisms.

Key Features & Benefits:

- **Perfect Compatibility:** Specifically designed to fit Adams Rite 4700 series deadlatches and deadlocks, ensuring a snug and secure fit.
- **Enhanced Security:** Provides a robust and stable foundation for your locking mechanism, contributing to the overall security of your door.
- **Durable Construction:** Manufactured from high-quality materials (e.g., solid brass, stainless steel, or aluminium – *specify material if known*) to withstand daily wear and tear, corrosion, and tampering attempts, ensuring long-

lasting performance.

- **Radius Edge Design:** The smooth, rounded radius edges offer a sleek and modern appearance, enhancing the visual appeal of any door while minimising snagging.
- **Seamless Integration:** Designed for a flush fit, creating a clean and professional finish that blends effortlessly with your door frame.
- **Easy Installation:** Pre-drilled and counter-sunk holes facilitate quick and hassle-free mounting, reducing installation time and costs.
- **Versatile Applications:** Ideal for a wide range of commercial, institutional, and industrial settings, including offices, schools, hospitals, retail spaces, and government buildings.
- **Multiple Finishes Available:** Choose from a selection of attractive and hard-wearing finishes to match your existing door hardware and interior design.

Invest in Quality and Reliability

Choosing the Adams Rite Radius Faceplate means investing in a product that combines superior craftsmanship with practical functionality. Its robust construction and precise fit ensure reliable operation of your Adams Rite 4700 series lock, providing peace of mind and long-term value. Elevate the security and appearance of your doors with this essential component.

Ideal for:

- Commercial Door Hardware
- Access Control Systems
- Door Lock Replacement
- Security Upgrades
- Architectural Hardware
- Building Maintenance
- Facility Management
