### Elevate Your Cabinet Design with the Aventos HF Top Lift Mechanism

Transform your kitchen or living space with the **Aventos HF Top Lift Mechanism**, a premium bi-fold lift system designed for seamless and effortless cabinet door operation. This high-performance solution from Blum, a leader in furniture hardware, is perfect for upper wall cabinets with large, heavy fronts, providing unparalleled convenience and a touch of modern elegance.

#### Key Features and Benefits:

- **Bi-Fold Door Functionality:** The Aventos HF Top allows two cabinet doors to fold upwards smoothly and quietly, providing full access to the cabinet's contents. Ideal for wall cabinets above refrigerators, pantries, or other large storage areas.
- **Power Factor 2700–13500:** This versatile lift mechanism accommodates a wide range of door sizes and weights. The power factor (PF) range of 2700–13500 ensures compatibility with various cabinet designs. **Understanding your power factor is vital, please check our power factor calculation guide ([link to guide](#)) to ensure proper selection.**
- **Blum Quality and Reliability:** Manufactured by Blum, renowned for their precision engineering and durable hardware. Enjoy smooth, consistent performance for years to come.
- **Soft-Close BLUMOTION:** Integrated BLUMOTION technology ensures gentle and silent closing, preventing slamming

and enhancing the overall user experience.

- **Easy Installation and Adjustment:** The Aventos HF Top is designed for straightforward installation and features easy front adjustment, allowing for precise alignment of cabinet doors.
- **Enhanced Accessibility:** The upward folding design provides unobstructed access to the cabinet interior, making it easy to reach items at the back.
- **Space-Saving Design:** Ideal for kitchens and other spaces where space is at a premium, the bi-fold mechanism minimises the clearance required for door operation.
- **Durable Construction:** Built with high-quality materials, the Aventos HF Top is designed to withstand the rigours of daily use.

#### Applications:

- Upper wall cabinets
- Kitchen cabinets above refrigerators
- Pantry cabinets
- Storage cabinets in living areas
- Commercial applications
