

Blum Aventos HL Top Lift Mechanism – Servo-Drive Compatible – Cabinet Height 390 – 580mm

Variant code: 22L2500

Upgrade your kitchen cabinets with the premium **Aventos HL Top Lift Mechanism Set**, designed for seamless and effortless upward opening. This set (sold as a pair) is perfect for wall cabinets with fronts that lift parallel to the cabinet body, providing unobstructed access and a modern aesthetic.

Key Features and Benefits:

- **Smooth and Silent Operation:** Experience the renowned quality of Blum's Aventos HL system, offering smooth, quiet, and reliable lifting action.
- **Optimal Cabinet Compatibility:** Specifically engineered for cabinet heights ranging from **390mm to 580mm**, ensuring a perfect fit for a variety of kitchen designs.
- **Servo-Drive Compatibility:** Future-proof your kitchen with compatibility for Blum's **Servo-Drive** technology. Easily integrate motorised opening for touch-to-open convenience (Servo-Drive unit sold separately).
- **Effortless Access:** The parallel lift design allows full access to the cabinet's contents, making it ideal for wall cabinets above refrigerators, pantries, or other tall units.
- **High-Quality Construction:** Built with durable materials and precision engineering, the Aventos HL Top Lift Mechanism Set guarantees long-lasting performance.
- **Easy Installation:** Designed for straightforward installation, making it suitable for both professional installers and DIY enthusiasts.
- **Pair Set:** This product is sold as a pair, covering both sides of one cabinet door.
- **Modern Kitchen Upgrade:** Enhance the functionality and style of your kitchen with this sleek and sophisticated lift system.

Ideal For:

- Kitchen wall cabinets
- Tall units
- Cabinets above refrigerators
- Pantry cabinets
- Modern kitchen designs
