The ingenious pocket door system allows your door to glide smoothly and completely disappear into a slender 100mm wide pocket, optimising room flow and creating an illusion of greater space. Perfect for kitchens, home offices, living areas, and walk-in wardrobes where every inch matters.
- **Effortless Operation with TIP-ON Technology:** Experience the renowned Blum quality of motion. This hinge bracket set is integrated with Blum's cutting-edge TIP-ON mechanical opening system, allowing handle-less fronts to open with just a light touch. A gentle press on the door releases it from its hidden pocket, and another press secures it back in

place, ensuring a smooth, quiet, and reliable operation every time.
