Unlock new possibilities in furniture design with the **Blum Revego Duo Track – Set for Internal Width within the 1050mm Application – Left**. This innovative, high-performance product from Blum brings revolutionary **pocket systems** to your living space, combining exceptional functionality with a sleek, minimalist aesthetic. It's the perfect solution for creating dynamic, multi-functional rooms that adapt to your lifestyle. .

Why Choose the Blum Revego Duo Track?

The Revego Duo Track is engineered for seamless integration and effortless operation. It's designed specifically for **left-side applications** with an internal cabinet width of up to **1050mm**, making it ideal for a wide range of uses, from kitchen pantries and home offices to entertainment units and hidden workspaces. This single, double-door pocket system offers a unique **tip-on and soft-close** function, allowing doors to be pushed back effortlessly into a narrow cabinet pocket. This action reveals the entire contents of the cabinet while the doors remain neatly concealed, maximising your usable space.

Key Features & Benefits

- **Space-Saving Design:** The concealed pocket system ensures doors don't obstruct walkways or other furniture, creating a more open and flexible layout. This is perfect for **small spaces, apartments, and modern homes** where every inch counts.
- **Smooth and Silent Operation:** Featuring Blum's renowned **Tandem** technology, the Revego Duo Track provides a smooth, quiet, and effortless motion. The **soft-close mechanism** ensures doors shut gently and silently, preventing slamming.
- **Easy Installation:** The pre-assembled track and synchronised running mechanisms simplify the installation

process, saving time and ensuring a precise fit. The robust construction guarantees a **long-lasting, durable** solution.

- **Aesthetic Appeal:** Achieve a clean, minimalist look by hiding clutter and appliances behind elegant, flush-fitting doors. This creates a sophisticated, streamlined appearance that enhances any interior design.
